

Year 12 Summer Work

Please could you read through the handout on creating Philosophical arguments and then attempt the following tasks

- 1) Takes notes on the differences between INDUCTIVE and DEDUCTIVE philosophical arguments. Which do you think are more effective and why?

- 2) Create 3 of your own INDUCTIVE arguments

- 3) Create 3 of your DEDUCTIVE arguments

- 4) A FALLACY is an error in reasoning. Using the link at the bottom of the document can you find 6 examples of fallacies that have been published in recent newspaper articles/web articles

Any problems please come and see me in S103 at the end of the school day

Mr Rowland
