Discussion	Action
<p>Option Choices Mr O'Neill asked students should options be prescribed or not? e.g. High attainers at least Ebacc subjects ?</p> <p>Student's thoughts were that the higher attainers should have the choice and given the opportunity to study the 12 subjects if they think they are capable. The students should be warned what may happen if they do take on all the subjects but don't succeed in the exams but at the same time encouraged to do them if capable. Students thought at least 1 ebacc subject should be taken. Students thought that the focus is on largely on high attainers and not the students that need help in their lessons.</p> <p>Students would like revision lessons during enrichment, but to also carry in with enrichment because they enjoy going to the clubs and that it's a good opportunity to learn new things which they normally probably wouldn't.</p> <p>Student Voice Can students send articles to Mr O'Neill by Friday 12 February about any trips, sports fixtures, and enrichment along with pictures to support the articles. Please make sure they are good pieces of work.</p>
