TEACHERS and students went head to head in sporting contests at a Langley school. Langley Academy, in Langley Road, held a Sport Relief fundraising afternoon on Thursday last week and managed to raise about £200.

Vice principal Tony Desorh said: "There were a number of sporting activities that took place which were well supported by both the students and staff."

"Students eagerly sought to get one over on staff in a range of sports."

The staff overcame the odds to claim a 5-5 draw in the netball, a 19-14 victory in the basketball and a 4-3 win in the football.

In table tennis the staff and students were evenly matched.
