

# The World Cup in Langley

Students from the Langley Academy have embraced the World Cup early and held their own charity football match in aid of Thames Hospicecare. The Academy chose to support Thames Hospicecare after one of their students' mother received care from the Hospice.

Every football player in the fundraising match paid to enter and the match was played against a local school, with the final score being 4-3 to the visiting team. Collecting buckets were also distributed around the school prior to, and on the day of the match, to encourage all to donate.

The Langley Academy raised a grand total of £872.20 for Thames Hospicecare which will help to fund over 58 hours of specialist Hospice nursing care and hope this will become an annual event.

A big thank you to Langley Academy for supporting Thames Hospicecare.

**If you would like to get involved with fundraising please contact Michelle on 01753 848963.**
