

# Supporting your child through KS3

# WORKSHOPS

Over the course of this term we will be running a series of workshops for parents/carers to help as they support their child through this important stage of their education.

This booklet details the courses on offer – you are free to attend one or all of them and we encourage you to bring along your son/daughter as learning together is part of our drive in raising standards.

Each session will last no more than 75 minutes with a 1 hour tutorial delivered by subject specialist staff followed by a question and answer session if required.

Two of each session will take place on a Wednesday, one during the day 14.00 – 15.15 to accommodate those who are unavailable in the evening and then the same session will be delivered later that evening from 17.45 – 19.00 for those who are unable to attend during the day.

Please complete the booking form on the back page of this booklet and return to Miss Wauchob at the Academy. Alternatively log onto The Langley Academy website and complete the parent workshop reservation form available on <http://www.langleyacademy.org/> important notices section.

**A maximum of 20 places are available for each session – should they be oversubscribed then additional sessions will follow at a later date.**

# Workshop 1

Wednesday 11 November 2015

## Show My Homework and Accelerated Reader

'an investment in knowledge always pays the best interest'

Benjamin Franklin.

and

**Accelerated**<sup>™</sup>  
Reader

"There is no such thing as a child who hates to read; there are only children who have not found the right book."

Frank Serafini

## Workshop 2

Wednesday 18 November 2015

Reading is succeeding

**READING IS SUCCEEDING**

and

Writing is exciting

# Workshop 3

## Maths

**Wednesday 25 November 2015**

'The only way to learn Maths is to do Maths'

Paul Halmos

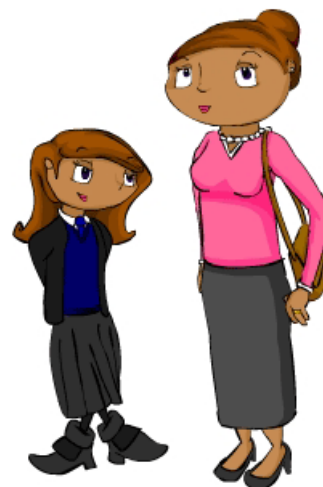

My Maths is an online programme for students to practice their maths skills on. There are lots of fun and interactive activities at varying levels for them to complete. All students have a personal log-in, so their teacher can see the work they have been doing at home. If you would like to find out more about My Maths please come along to this workshop- we look forward to meeting you.

# MyMaths.co.uk

**MyMaths...parents are involved**

**Home access allows parents to support their child's maths using current methods.**

# Workshop 4

## Science

Wednesday 02 December 2015

'Science is a way of thinking much more than it is a body of knowledge'

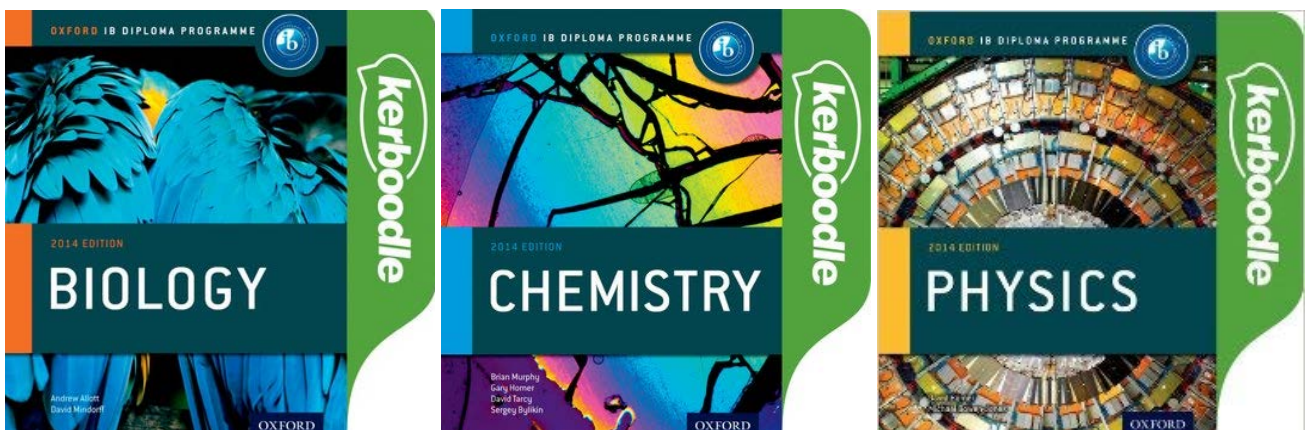

Carl Sagan

## Supporting my child in using

Welcome to Kerboodle –

Lessons, Resources, Assessment, and Kerboodle Books

# To reserve a place on any of these workshops

Please complete and detach this form returning it to Miss Wauchob at The Langley Academy asap – alternatively log onto the website and follow the parent workshop link in ‘Important notices’ section

**Your son/daughter is expected to attend too as these sessions are about working together.**

**As a parent, you are your child's most important educator and research shows that parents who are actively involved with their child's learning help their children to achieve more too.**
